CRAZED CHINESE
USES CANE KNIFE

(Continued from Page 1)

and the party jumped into the police automobile and raced down to the scene of the attack. Upon arrival at the house where the madman held three of his countrymen in fear of their lives, McDuffie at once jumped to the door and cried out to the men inside to open it. The only reply was that if the door were opened the madman would at once cut the throats of his prisoners. Then the chief was up against it, and he hesitated about what to do. He had no wish to start the throat-cutting business by bursting open the door, and for a while he thought of sending for the fire department and having a stream of water played on the madman.

Soon Deputy Rose appeared on the scene, and then it was determined to break open the door and take a chance of getting the inmate before he had time to slit the throats of his prisoners.

McDuffie took a run at the door and went through it like paper. Upon rushing into the room he heard a yell of terror, and he was just in time to save a third slice of Low Chow's flesh being removed. Then the madman turned on McDuffie, and while slashing at the chief with the cane knife, still managed to make three slashes in his own throat. McDuffie then grabbed an iron bar and with two well-directed blows knocked the Chinaman down, and in a second had him pinned to the floor.

Other officers fell upon the crazy man, and in a minute he was tied up securely and packed off to the hospital. The man, even after being tied up, struggled a lot and gave the officers a tough time of it. When he arrived at the hospital he was at once admitted for treatment, and it is thought that, although he lost a deal of blood, he will recover.

Com Tung only arrived from Wailua last night, and he at once went to his brother's boarding house. It was soon seen that the man was acting in a peculiar manner, and ten other Chinese were told off to watch him during the night. It was intended to place him in care of some body today, as his benefit society had made arrangements for his comfort. At 3 o'clock this morning Com Tung drove seven of his guards out of the room, and then took charge of things.

Two of the Chinese guards owe their lives to the fact that they played "possum" and pretended to be dead. They slept on the floor, and for several hours did not dare to move.

All the police officers who went to the house appear to have had a rough time, and they all attribute it to the fact that the basement in which the trouble took place was so small, and the ceiling so low, that they got mixed up in the rush that took place when the final attack on the madman was made.

OPERATION
HER ONLY
CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I felt better, and now I am completely cured."—LENA V. HENRY, Route No. 3, Adrian, Ga.

Why will women take chances with an operation or drag out a sickly, half-dead existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, abnormal tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.
